Local Research Network Meeting
University Branch Library
5009 Roosevelt Way NE, Seattle, WA 98105
Thursday, July 19th 2pm - 4pm

Agenda

The group will discuss challenges and opportunities in university-district and -CBO research partnerships as well as helpful professional development opportunities to improve the content on the Network's GitHub page. There will be time to share current projects, updates, resources and generate topics for upcoming meetings.

Visit the updated Network Page: https://scools.github.io/Updates/

1. **Welcome**

2. **Review Agreements**
   Confidentiality and conversation norms to build trust and safety

   ● Keep impacted communities are at the center
   ● Listen for understanding
   ● Stay engaged
   ● Expect non-closure
   ● Speak your truth
   ● "Step-in": if you're quiet, try to challenge yourself to share
   ● "Step-out": be aware of airtime and give others room to share
   ● What is said here stays here
   ● Assume positive intentions
   ● Revisit these agreements each meeting

3. **Research Partnerships Discussion**
   Have you (or your team) worked on a project with external researchers or community partners? What were some successes and challenges? What could have made it stronger or sustainable?

4. **Professional Development Opportunities**
   When was a time you felt most supported in your career growth? What opportunities were helpful and how did you receive this support? What types of PD opportunities are you currently looking for and what would you like to see circulated among the network?

5. **Emerging Topics for Next Meeting(s)**

6. **Individual Share-outs on Current Projects**
